**FINDINGS OF THE REGIONAL PLANNING COMMISSION  
AND ORDER  
COUNTY OF LOS ANGELES  
PROJECT NO. R2014-00768-(5)  
CONDITIONAL USE PERMIT NO. 201400032**

1. The Los Angeles County ("County") Regional Planning Commission ("Commission") conducted a duly-noticed public hearing, in the matter of Conditional Use Permit No. 201400032 ("CUP") on January 14, 2015.
2. The permittee, Walmart Stores, Inc. ("permittee"), requests the CUP to authorize sale of full line alcohol for off-site consumption (Type 21) at an existing market ("Project") on a property located at 2408 Lincoln Avenue in the unincorporated community of Altadena ("Project Site") in the C-3 (Unlimited Commercial) zone pursuant to Los Angeles County Code ("County Code") section 22.28.210.
3. The Project Site is 1.79 gross acres in size and consists of one legal lot. The Project Site is rectangular in shape with flat topography and is developed with a supermarket.
4. The Project Site is located in the Altadena Zoned District and is currently zoned C-3 (Unlimited Commercial).
5. The Project Site is located within the GC – General Commercial land use category of the Altadena Community Plan Land Use Policy Map.
6. Surrounding Zoning within a 500-foot radius includes:
  - North: C-3 (Unlimited Commercial), R-3 (Limited Multiple Residence), R-2 (Two-family Residence), R-1-7500 (Single-family Residence – 7,500 Sq. Ft. Minimum Required Area)
  - South: C-3 (Unlimited Commercial)
  - East: C-3 (Unlimited Commercial), R-1-7500 (Single-family Residence – 7,500 Sq. Ft. Minimum Required Area)
  - West: C-3 (Unlimited Commercial), R-1-7500 (Single-family Residence – 7,500 Sq. Ft. Minimum Required Area)
7. Surrounding land uses within a 500-foot radius include:
  - North: Vacant, Multi-family Residences, Single-family Residences
  - South: Office, Public Storage
  - East: Vacant, Single-family Residences, Multi-family Residences
  - West: Commercial, Retail, Single-family Residences, Multi-family Residences
8. The Project Site has been zoned C-3 since April 5, 1950. On September 27, 2007, Plot Plan No. 200700896 was approved for the conversion of the existing commercial structure on the site into a new grocery store for the Walmart Neighborhood Market. On September 27, 2010, Plot Plan No. 201000837 replaced Plot Plan No. 200700896 and approved additional tenant improvements and square footage for the new Walmart Neighborhood Market.
9. The site plan for the Project depicts the existing 28,200 sq. ft. market located on a 1.79 acre lot on the southeast corner of Lincoln Ave. and Figueroa Dr. Access to the site is via

driveways off of Lincoln Ave. and Figueroa Dr. The market provides the required amount of parking under County Code by providing 113 parking spaces. A total of 7,861 sq. ft. of landscaping is provided on the site. The market's shelf plan shows that the display of alcoholic beverages will consist of 1.19% of the store's total shelf space.

10. The Project Site is accessible via Lincoln Avenue to the west and Figueroa Drive to the north. Primary access to the Project Site will be via an entrance/exit on Lincoln Avenue and via an entrance/exit on Figueroa Drive.
11. The Project provides a total of 113 parking spaces (64 standard spaces, 44 compact spaces, and 5 handicapped spaces).
12. The County of Los Angeles Sheriff's Department ("Sheriff's Department"), Altadena Station, recommends approval of the project because crime has not been a major problem at the project location based on the property's calls for service history. The California Department of Alcoholic Beverage Control (ABC) reports that the subject property is located in a high crime reporting district and in a census tract that does not have an undue concentration of businesses with alcoholic beverage licenses.
13. Prior to the Commission's public hearing on the Project, Regional Planning staff determined that the Project qualified for a Class 1, Existing Facilities, categorical exemption from the California Environmental Quality Act (Public Resources Code section 21000, et seq.) ("CEQA"), the State CEQA Guidelines, and the Environmental Document Reporting Procedures and Guidelines for the County, because the Project involved the sale of alcoholic beverages in an existing Walmart Neighborhood Supermarket, with negligible or no expansion of use beyond that which was previously existing.
14. Pursuant to the provisions of sections 22.60.174 and 22.60.175 of the Zoning Code, the community was appropriately notified of the Project's public hearings by mail, newspaper, and property posting.
15. Prior to the Commission's public hearing, Regional Planning staff received one comment letter from a neighboring commercial property owner in support of the project.
16. Prior to the Commission's public hearing, the Altadena Town Council reviewed the project and recommended approval of the proposal with conditions.
17. A duly noticed public hearing was held on January 14, 2015, before the Regional Planning Commission. Commissioners Valadez, Louie, Shell, Pedersen, and Modugno were present. The applicant's agent, Lisa Kolieb, was present to answer questions from the Commission. A representative for a neighboring liquor store owner (the owner's nephew) and residents of the community testified in opposition to the project. The liquor store's representative testified that the Walmart has taken away business from the liquor store and that allowing the Walmart to sell alcohol would hurt the liquor store's business even further. The local residents who testified also stated that allowing the Walmart to sell alcohol would hurt nearby liquor stores and added that there are already enough establishments in the neighborhood that sell alcohol. Commissioner Valadez commented that she would be more comfortable with approving the project if the permit was to allow beer and wine sales only, and not full line alcohol. Commissioner Shell agreed with Commissioner Valadez's comment. Commissioner Modugno stated that the Commission refrains from considering factors such as the affects of economic competition on local businesses when evaluating

projects. There being no further testimony, the Commission closed the public hearing and approved Conditional Use Permit 201400032.

18. The Commission finds that the project site is located within the GC – General Commercial land use category of the Altadena Community Plan. This land use designation is intended to permit a broad range of commercial services, including supermarkets. The proposed sale of full line alcoholic beverages for off-site consumption at the existing market fits the description of the General Commercial land use designation and is therefore consistent with the permitted uses of the underlying land use category.

The following policies of the General Plan are applicable to the proposed project:

- *Maintain and conserve sound existing development.*
- *Maintain and reinforce the multifocused pattern of regional linear activity areas and centers.*

The project adds the sale of full line alcohol for off-site consumption to the existing market and proposes no physical changes or alterations to the existing development. The project will maintain the existing commercial and economic activity that the market provides along Lincoln Ave.

The following policies of the Community Plan are applicable to the proposed project:

- *Preserve existing residential neighborhoods, commercial districts, community facilities, institutions, and environmental amenities.*

The project will add the sale of full line alcohol for off-site consumption to the existing market and preserves the current commercial and economic benefit that the market provides to the neighborhood.

19. The Commission finds that pursuant to Section 22.28.220 of the County Code, establishments in the C-3 Zone are subject to the following development standards:

- **Building Net Area and Landscaping** – The project does not exceed the maximum allowed building net area of 90 percent and meets the minimum 10 percent landscaping requirement.
- **Parking** – The project is required to provide parking in the amount of one parking space for every 250 square feet of floor area of the market. The project requires 113 parking spaces and meets the parking requirement by providing 113 spaces.
- **Outside Display and Outside Storage** – The project is not proposing any outdoor display or outside storage.

Pursuant to Section 22.44.127 of the County Code, establishments in the Altadena Community Standards District (CSD) are subject to the following development standards:

- **Yards** – The project provides the required front yards for properties in the C-3 Zone as prescribed in the Altadena CSD - West Altadena Area.
- **Floor Area and Height** – The project meets the Altadena CSD – West Adams Area development standards of maximum floor area and height.

20. The Commission finds that the sale of alcoholic beverages at an existing market on the subject property is compatible with the surrounding neighborhood and provides a needed service to the community. Alcoholic beverage sales is allowed in the C-3 zone with a CUP. Currently, there is one other establishment within a 500-ft. radius of the subject property that sells alcohol. This establishment is a liquor store with a Type 21 license for off-site full line alcohol sales located across the street from the project site along Lincoln Ave. Although this constitutes an undue concentration under County Code Section 22.56.195, the sale of full line alcohol for off-site consumption would serve as a public convenience and necessity to the surrounding community by providing products and services that are complementary to the market's other products and services. The shelf space devoted to the display of alcoholic beverages will be limited to 1.19% of the store's total shelf space as depicted in the application's shelf plan and is in compliance with County Code. The subject property is currently not located within 600 ft. of any sensitive uses.
21. The Commission finds that the Walmart undertakes numerous measures and policies to ensure the safe sale of alcohol. Walmart also implements a Responsible Vendor of Alcohol Policy that includes technology, restricted hours of alcohol sales, training, monitoring, and termination of employees who violate alcohol policies. The sale of alcoholic beverages for off-site consumption is an ancillary use to the sale of groceries at the market and the inventory of alcoholic beverages will be 1.19% of the store's total shelf space. The Walmart parking lot is continually monitored by employees and security personnel that discourages loitering and the market maintains a strict policy regarding the consumption of alcohol on the premises.
22. The Commission finds that the expansion and renovation of the Walmart store was approved by the County in July 2012 and the improvements were completed in March 2013. The sale of alcohol at the store does not impact the site beyond what has already been considered during its recent approval as such, the site and existing improvements will remain unchanged.
23. The Commission finds that the Walmart store is located at the signalized intersection of Lincoln Avenue and Figueroa Drive and is appropriately served and accessed via public streets. The project will not increase the current demand on public or private service facilities on the site.
24. The Commission finds that there are no sensitive uses located within a 600 ft. radius of the project site.
25. The Commission finds that residential properties to the east of the property are buffered from the market by the parking lot, by a six foot high block wall, and by a landscaping buffer. There is no direct access from the market to these residential properties. Residences to the north of the property are buffered by Figueroa Drive, landscaping, and a decorative wall. To the south of the property, office buildings are buffered by a six foot high block wall. Commercial uses to the west are buffered by Lincoln Avenue.
26. The Commission finds that since the shelf space devoted to the display of alcoholic beverages will be only 1.19% of the store's total shelf space, it is unlikely that customers will shop at Walmart to purchase alcohol only. However, Walmart customers will find that the purchase of alcohol, along with other general merchandise and groceries, is a convenience. The public convenience and necessity outweighs the fact that the Walmart is located within a 500 ft. radius of another establishment that sells alcoholic beverages.

27. The Commission finds that the use will not adversely affect the economic welfare of the nearby community. The ability to sell alcohol will add to the customer's full-scale supermarket experience by offering the same range of products and groceries as their competitors. In addition to fresh groceries and general limited merchandise, Walmart Neighborhood Markets typically carry a wide variety of alcoholic beverages.
28. The Commission finds that the property was recently renovated in late 2012 for occupancy by Walmart Neighborhood Market as a full-scale supermarket. The exterior appearance of the structure will remain unchanged from its current state. As renovated, the exterior appearance of the property is consistent with the other properties in the immediate neighborhood.
29. The Commission finds that to ensure continued compatibility between the Project and the surrounding land uses, it is necessary to limit the Conditional Use Permit to 15 years.
30. The Commission finds that pursuant to sections 22.60.174 and 22.60.175 of the County Code, the community was properly notified of the public hearing by mail, newspaper, and property posting. Additionally, the Project was noticed and case materials were available on Regional Planning's website and at libraries located in the vicinity of the Altadena community. On December 4, 2014, a total of 388 Notices of Public Hearing were mailed to all property owners as identified on the County Assessor's record within a 1,000-foot radius from the Project Site, as well as three notices to those on the courtesy mailing list for the Altadena Zoned District and to any additional interested parties.
31. The location of the documents and other materials constituting the record of proceedings upon which the Commission's decision is based in this matter is at the Los Angeles County Department of Regional Planning, 13th Floor, Hall of Records, 320 West Temple Street, Los Angeles, California 90012. The custodian of such documents and materials shall be the Section Head of the Zoning Permits East Section, Department of Regional Planning.

**BASED ON THE FOREGOING, THE REGIONAL PLANNING COMMISSION CONCLUDES THAT:**

- A. The proposed use with the attached conditions will be consistent with the adopted General Plan.
- B. The proposed use at the site will not adversely affect the health, peace, comfort or welfare of persons residing or working in the surrounding area, will not be materially detrimental to the use, enjoyment or valuation of property of other persons located in the vicinity of the site, and will not jeopardize, endanger or otherwise constitute a menace to the public health, safety or general welfare.
- C. The proposed site is adequate in size and shape to accommodate the yards, walls, fences, parking and loading facilities, landscaping and other development features prescribed in this Title 22, or as is otherwise required in order to integrate said use with the uses in the surrounding area.
- D. The proposed site is adequately served by highways or streets of sufficient width and improved as necessary to carry the kind and quantity of traffic such use would generate, and by other public or private service facilities as are required.

- E. The requested use at the proposed location will not adversely affect the use of a place used exclusively for religious worship, school, park, playground, or any similar use within a 600-foot radius; and
- F. The requested use at the proposed location is sufficiently buffered in relation to any residential area within the immediate vicinity so as not to adversely affect said area; and
- G. The public convenience or necessity for an additional facility selling alcoholic beverages for off-site consumption, outweighs the fact that it is located within a 500-foot radius of any other facility selling alcoholic beverages for either on-site or off-site consumption, in which case the shelf space devoted to alcoholic beverages shall be limited to not more than five percent of the total shelf space in the establishment; and
- H. The requested use at the proposed location will not adversely affect the economic welfare of the surrounding community; and
- I. The exterior appearance of the structure will not be inconsistent with the exterior appearance of commercial structures already constructed or under construction within the immediate neighborhood so as to cause blight, deterioration, or substantially diminish or impair property values within said neighborhood.

**THEREFORE, THE REGIONAL PLANNING COMMISSION:**

1. Finds that the Project is exempt from the California Environmental Quality Act pursuant to section 15301 of the State CEQA Guidelines (Class 1, Existing Facilities categorical exemption); and
2. Approves Conditional Use Permit Number 201400032, subject to the attached conditions.

10. The subject property shall be maintained and operated in full compliance with the conditions of this grant and any law, statute, ordinance, or other regulation applicable to any development or activity on the subject property. Failure of the permittee to cease any development or activity not in full compliance shall be a violation of these conditions. Inspections shall be made to ensure compliance with the conditions of this grant as well as to ensure that any development undertaken on the subject property is in accordance with the approved site plan on file. The permittee shall deposit with the County the sum of **\$1,600.00**. The deposit shall be placed in a performance fund, which shall be used exclusively to compensate Regional Planning for all expenses incurred while inspecting the premises to determine the permittee's compliance with the conditions of approval. The fund provides for **eight (8) biennial (one every other year)** inspections. Inspections shall be unannounced.

If additional inspections are required to ensure compliance with the conditions of this grant, or if any inspection discloses that the subject property is being used in violation of any one of the conditions of this grant, the permittee shall be financially responsible and shall reimburse Regional Planning for all additional enforcement efforts necessary to bring the subject property into compliance. The amount charged for additional inspections shall be \$200.00 per inspection, or the current recovery cost at the time any additional inspections are required, whichever is greater.

11. Notice is hereby given that any person violating a provision of this grant is guilty of a misdemeanor. Notice is further given that the Regional Planning Commission ("Commission") or a Hearing Officer may, after conducting a public hearing, revoke or modify this grant, if the Commission or Hearing Officer finds that these conditions have been violated or that this grant has been exercised so as to be detrimental to the public's health or safety or so as to be a nuisance, or as otherwise authorized pursuant to Chapter 22.56, Part 13 of the County Code.
12. All development pursuant to this grant must be kept in full compliance with the County Fire Code to the satisfaction of said department.
13. All development pursuant to this grant shall conform with the requirements of the County Department of Public Works to the satisfaction of said department.
14. All development pursuant to this grant shall comply with the requirements of Title 22 of the County Code and of the specific zoning of the subject property, unless specifically modified by this grant, as set forth in these conditions, including the approved Exhibit "A," or a revised Exhibit "A" approved by the Director of Regional Planning ("Director").
15. The permittee shall maintain the subject property in a neat and orderly fashion. The permittee shall maintain free of litter all areas of the premises over which the permittee has control.
16. All structures, walls and fences open to public view shall remain free of graffiti or other extraneous markings, drawings, or signage that was not approved by Regional Planning. These shall include any of the above that do not directly relate to the business being operated on the premises or that do not provide pertinent information about said premises. The only exceptions shall be seasonal decorations or signage provided under the auspices of a civic or non-profit organization.

In the event of graffiti or other extraneous markings occurring, the permittee shall remove or cover said markings, drawings, or signage within 24 hours of notification of such occurrence, weather permitting. Paint utilized in covering such markings shall be of a color that matches, as closely as possible, the color of the adjacent surfaces.

17. The subject property shall be developed and maintained in substantial compliance with the plans marked Exhibit "A." If changes to the site plan are required as a result of instruction given at the public hearing, **three (3) copies** of a modified Exhibit "A" shall be submitted to Regional Planning within sixty (60) days of the date of final approval.
18. In the event that subsequent revisions to the approved Exhibit "A" are submitted, the permittee shall submit **three (3) copies** of the proposed plans to the Director for review and approval.
